

The Love Of A Mother

Now that I am gone, remember me with smiles and laughter. And if you need to cry, cry with your sister/nephew who walks in grief beside you. And when you need me, wrap your arms around anyone and give to them what you need to give to me.

There are so many who need so much. I want to leave you something better than words or sounds. Look for me in the people I've known or helped in some special way.

Let me live in your heart as well as in your mind. You can love me most by letting your love reach out to our loved ones, by embracing them and living in their love.

Love does not die, people do. So, when all that's left of me is love, give me away as best you can.
